### LEED Green Building Program

Georgia-Pacific Southern Yellow Pine lumber can help earn points toward the USGBC LEED® Green Building Program in the following areas:

#### Materials and Resources (MR)

MR 2\* – Environmentally Preferable Products, Table 24 (0.5 points maximum)

MR Credit 5\*\* – Regional Materials (2 points maximum)

\*LEED for Homes 2008; \*\*LEED 2009 for New Construction and Major Renovations

#### National Green Building Standard™

Georgia-Pacific Southern Yellow Pine lumber products are eligible for points toward National Green Building Certification in the following areas:

601.2 Material Usage, Advanced Framing Techniques (2 points maximum)

606.1a Renewable Materials – Biobased Products (8 points maximum)

606.2e Renewable Materials – Certified to the Requirements of a Recognized Product Program (4 points maximum)

606.3 Manufacturing Energy (6 points maximum)

608.1 Indigenous Materials (2 points maximum)

Please note, the point totals are the maximum number for points available for the credit, not what the product will contribute.
