

Georgia-Pacific Wood Products Sustainable Materials Data Sheet

(See MSDS for additional information)

Product and Company Identification

Product Names and Uses: Stedi-R® Structural and Non-structural Sheathing – Wall sheathing for residential and non-residential applications
Hushboard® Sound Deadening Panels – Sound isolation panels for residential and non-residential construction
Commercial Roof Fiberboard – Roof underlayment for non-residential applications
Core Board – Industrial and office furniture applications

Manufactured by: Georgia-Pacific Wood Products LLC
55 Park Place
Atlanta, GA 30303
800-284-5347 (Technical Information)
404-652-7261 (MSDS Request)

LEED Points: Materials and Resources (MR)

Materials and Resources (MR) Construction Waste Management

LEED for NC, V2.2: MR 2.1 & 2.2

LEED for Core and Shell: MR 2.1 & 2.2

LEED for Retail-New Construction: MR 2.1 & 2.2

LEED for Schools 2007 Standard: MR 2.1 & 2.2

Georgia-Pacific fiberboard products can be recycled or reused to meet the intent of the credit to divert construction debris from disposal in landfills and incinerators.

Materials and Resources (MR) Recycled Content

LEED for NC, V2.2: MR 4.1 & 4.2

LEED for Core and Shell: MR 4.1 & 4.2

LEED for Retail-New Construction: MR 4.1 & 4.2

LEED for Schools 2007 Standard: MR Credit 4

Georgia-Pacific fiberboard products are manufactured from 100% reclaimed or recycled wood fiber, including 3% post-consumer wood fiber.

Materials and Resources (MR) Local and Regional Materials

LEED for NC, V2.2: MR 5.1 & 5.2

LEED for Core and Shell: MR 5.1 & 5.2

LEED for Retail-New Construction: MR 5.1 & 5.2

LEED for Schools 2007 Standard: MR Credit 5

Materials used to produce Georgia-Pacific fiberboard products are harvested and manufactured regionally to meet the intent of the credit, with 95% sourced within 30 miles and 100% sourced within 75 miles of the Jarratt, VA plant.

Materials and Resources (MR) Certified Wood

One-hundred percent of Georgia-Pacific fiberboard is made from wood that is third-party certified to the Sustainable Forestry Initiative (SFI) procurement standard. (Note: LEED points are not currently available for this standard.)

Low-Emitting Materials: Composite Wood & Agrifiber Products

LEED for NC, V2.2: EQ 4.4

LEED for Core and Shell: EQ 4.4

LEED for Retail-New Construction: EQ 4.4

Georgia-Pacific fiberboard products used on the interior of the building (defined as inside of the weather proofing system) do not contain added urea-formaldehyde resins.
