Prime Roof Board

All-South Subcontractors, Inc., one of the largest family-owned roofing contractors in the Eastern and Central U.S., was commissioned to handle the roofing assembly.

The roof features two layers of DensDeck® Prime Roof Board, showcasing All-South's expertise in commercial roofing. With a legacy dating back to 1957, the company has installed over 100 million square feet of warranted commercial roofing across the Southeast, solidifying its reputation for quality and innovation.
